

BERGENIA (PIGSQUEAK)

Location: Zone 4, part sun, tolerates wet sites

Shape: Low mound

Foliage: Large, thick, heartshaped, green turning bronze in fall

Flowers: Spring

Notes: Leathery, heart-shaped leaves have a glossy green color for most of the year and turn red or bronze in the fall. Flowers grow on a stem similar in color to a rhubarb stalk and have pink cone-shaped flowers.

Heartleaf

H: 12" **W:** 18"
