

# LOLLIPOP® CRABAPPLE

*Malus 'Lollizam'*

**Height:** 10'      **Spread:** 10'

**Location:** Zone 4, sun

**Shape:** Rounded, globe-shaped

**Foliage:** Green

**Notes:** Slow growing dwarf form with a dense, rounded crown resembling a lollipop. Displays a profusion of white blooms in spring and is followed by small yellow fruit. The formal, symmetrical appearance makes it perfect for patios or courtyards. Has good disease resistance.
