

DWARF KOREAN LILAC

Syringa meyeri 'Palibin'

Height: 5-8' **Spread:** 5-6'

Location: Zone 4, full sun, well-drained soil

Shape: Globe, on a standard

Foliage: Deep green

Notes: This tree form has the same fine features of the shrub-form Dwarf Korean. Grafted on *Syringa reticulata*, it makes an excellent globe for accent or interest in the landscape.

MISS KIM LILAC

Syringa patula 'Miss Kim'

Height: 6-8' **Spread:** 4-5'

Location: Zone 3, sun, moist, well-drained soil

Shape: Rounded, compact, on a standard

Foliage: Glossy dark green, burgundy-red in fall

Notes: This tree form has the same features of the shrub form Miss Kim. Grafted on *Syringa reticulata*. Lavender to ice blue, sweetly fragrant, single flowers cover this tree in May. This compact cultivar has good mildew-resistant foliage and is a good selection for smaller areas.
