

ROYAL RED MAPLE

Acer platanoides 'Royal Red'

Height: 35-40' **Spread:** 25'

Location: Zone 4, sun

Shape: Broadly oval crown

Foliage: Glossy maroon-red all season

Notes: This Norway Maple selection is similar to 'Crimson King', but with a somewhat slower growth rate and what some consider slightly better color. A dense shade tree, it has a straight trunk with a well-shaped canopy. The glossy foliage is an excellent maroon red all season.
