

RAINBOW PILLAR SERVICEBERRY

Amelanchier canadensis 'Glennform'

Height: 15-20' **Spread:** 8-10'

Location: Zone 4, full sun, adaptable to many conditions

Shape: Upright, columnar

Foliage: Green, brilliant orange in fall

Notes: 'Rainbow Pillar'® is a new service-berry cultivar from Ohio has beautiful white blossoms in spring and mildew-resistant summer foliage that turns a brilliant red color in autumn. Best of all is its strong upright habit that makes it a good choice for screening/hedging. Highly resistant to rust and mildew.
